GLOBAL HEALTH
and Hospital Plan

THE GLOBAL HEALTH & HOSPITAL PLAN

The most valuable asset in any company is the workforce, so it is important that their health and wellbeing is carefully protected.

Across the world, the demand for private corporate healthcare has never been greater and whilst there are many options available from a wide range of International health insurance providers, the cost can often be prohibitive.

With the First Allied **Global Health & Hospital Plan** you now have an affordable option.

The First Allied **Global Health & Hospital Plan** provides the essential elements of private healthcare, covering the high costs of hospitalisation and associated treatment. The plan is available to both international and local employees and includes full cover for war, terrorism and kidnap at no additional cost.

Covering both Accident and Illness, including 'work related' injuries, the **Global Health & Hospital Plan** provides exceptional value for money – premiums start below \$10 per month, per employee.
